

## THE CITIES SERVICE BAND OF AMERICA

The Band of America was the last in a long line of programs sponsored by the Cities Service Company. It began on June 4, 1948 on WJZ(ABC) from 8:00 to 8:30 on Friday night. (Before this, the program was listed as Paul Lavalley and his orchestra, with Mac Morgan, Baritone). On September 26, 1949, it moved to NBC on Monday night from 9:30-10:00 EST, joining the Railroad Hour, Bell Telephone Hour and Voice of Firestone in the powerhouse NBC "Monday Night of Music". The program ran continuously until the last show of January 16, 1956 which also was the end of Cities Service sponsorship and almost the end of big time radio.

The listings herein were taken from the weekly radio listings of the New York Times. There were a few errors which I have corrected and there are also a few weeks which were not listed. A large number of shows have extra tunes listed which were not played. This probably happened due to time limitations. I have over 100 of the shows and practically every one of them is lacking at least one of the selections given in the Times. There are undoubtedly some typos and errors herein, and hopefully these will be corrected at a later date(somewhere around the 12th of never).

If anyone has any of the programs, or can add any further information, I would be glad to trade programs or receive the information for incorporation herein, Please contact Bill Wandel at 1506 Elmen, Houston, Texas 77019. I would be delighted to hear from you.

1948
